

# COFFEE FILTER EXPERIMENT

Why not create your own magical flower bouquet to gift to someone?

## MATERIALS NEEDED

- Washable markers
- White coffee filters
- (3 per bouquet)
- Cups of water
- Straw or a pipe-cleaner
- Tape
- Rubber band
- **Optional:** Vase

# COFFEE FILTER EXPERIMENT: PREPARE THE FILTER

**1** Colour in the coffee filters to your design.

**2** Fold the filter to a 1/8 fold placing the tip of the cone in a little bit of water.

**3** Let it sit to see the water flow up. Once the filters are dry you can create your bouquets.

# COFFEE FILTER EXPERIMENT: MAKE A FLOWER

**4**

Take the middle of a coffee filter and scrunch it together using a rubber band. Make your bouquet with approximately 3 coffee filter flowers.

**5**

Tape the middle of the crumpled coffee filter to the straw or pipe cleaner.

**6**

Place the bouquet in a vase. Alternatively, you can attach your flower to the front of a card or gift to decorate it.
